

The answers to the clues can be paired with the words corresponding in the picture bank (picture first, then clue answer) to get localities in Australia. The number next to the clue is the number of letters, the letter is the first letter of the state in Australia which contains the locality. The populations of these in 2021 can be found here: <https://abs.gov.au/census/find-census-data/search-by-area>: type in the name of the place, then click "QuickStats." . Take these populations modulo the number in the corresponding picture to get a number from 1 to 26. The letters corresponding to these numbers spell out "TUZI NATION," and the answer is the nation containing Tuzi, which is Montenegro.
